Goals and Activities

- Our main goal is to empower and support young people in rural areas to create innovative and environmentally friendly businesses. To achieve this, we held online seminars, virtual activities, and three in-person meetings to exchange knowledge and experiences.

The Meeting in Cyprus

The second in-person meeting was successfully hosted in Cyprus, from April 24th to 26th. Our partners had the opportunity to get to know our school and the Cypriot educational system.

- We enjoyed traditional food and learned about cultural elements of our country.
- We visited Mr. Lambros Loukas' ecological olive mill in Analionta, as well as various archaeological sites and museums in Cyprus.

The Digital Handbook

The most important outcome of the project is the creation of a digital handbook (online module) to support every aspiring entrepreneur. The handbook includes 6 sections:

1. Inclusiveness & Diversity
 2. Mental health & well-being
 3. Entrepreneurial Mindset & Skills
 4. Marketing
 5. Food Tourism
 6. IT
- ➔ Upon completion of the handbook, participants also receive a certificate of attendance.
